Git, RESTful APIs, Cloud
Computing (basic knowledge)

PROFILE

Skilled Full Stack Developer with over 3 years of hands-on experience in backend development using PHP frameworks like Laravel and CodeIgniter, and frontend technologies including JavaScript (React.js) and HTML/CSS. Currently expanding proficiency in **Java, Python, C#, .NET, Cloud Computing, and MongoDB**. Proven track record in building and optimizing scalable web applications, enhancing database performance, and delivering user-friendly interfaces. I am seeking a dynamic role where I can leverage my full-stack expertise and continue growing in a fast-paced, tech-driven environment.

EXPERIENCE

PHP DEVELOPER • APRIL 2022 MARCH 2024
Zest geek Solutions Punjab India

Collaborated in a fast-paced, team-oriented environment, delivering over 15 dynamic web applications using **PHP, MySQL, HTML, CSS, and JavaScript**. **Contributed** to frontend development using **React.js** to create interactive user interfaces and implement responsive designs across devices.

Partnered with UI/UX designers to enhance user journeys, increasing customer engagement and satisfaction. Implemented automated monitoring, backup, and restore procedures for MySQL databases, reducing downtime by 15% and enhancing system reliability.

Optimized database performance and scripting workflows, resulting in a noticeable reduction in server load and operational costs. Regularly performed software installations and system configurations, ensuring stable deployment environments for production and staging.

PHP DEVELOPER • APRIL 2019 MARCH 2022
Progressive, Noida India

Spearheaded the development of a PHP-based e-commerce module integrated with **MySQL, CSS, and JavaScript**, boosting online sales by 20% within the first quarter post-launch.

Designed and implemented mobile-friendly, responsive UI components using **HTML, CSS, and JavaScript**, improving the customer experience and time-on-site metrics.

Concepts:

Object-Oriented Programming (OOP), API Integration, Security, Agile Development, Responsive Web Design

Soft Skills:

Problem-Solving, Adaptability, Team Collaboration, Communication

Refined backend logic and SQL queries, decreasing page load times by 35%, enhancing both user experience and SEO performance.

Collaborated closely with frontend developers and QA teams to ensure cross-browser compatibility and seamless deployment.

Automated regression testing using custom PHP and Bash scripts, reducing manual QA time by 40% and enabling faster, more reliable deployment cycles.
