## OBJECTIVE

Software Developer with 3+ years of experience building, modifying, and maintaining web and e-commerce applications. I am skilled in PHP, Java, JavaScript, SQL, HTML/CSS, and RESTful APIs. Experienced in collecting user requirements, testing and integrating software, providing post-deployment client support, and resolving incidents. Comfortable working on-site in fast-paced environments and delivering high-quality solutions on time.

## SKILLS AND INTERESTS

---

<b>Languages:</b>	PHP, Java, JavaScript, SQL, .NET (basic)
<b>Frontend:</b>	JavaScript, React, HTML, CSS, Bootstrap, Tailwind CSS (basic)
<b>Backend &amp; APIs:</b>	RESTful APIs, Microservices, Application Integration
<b>Databases:</b>	MySQL, PostgreSQL, MongoDB, Database Migrations, Query Optimization
<b>DevOps &amp; Cloud:</b>	AWS (EC2, S3), Docker, Terraform, CI/CD Pipelines
<b>Tools:</b>	Git (GitHub, GitLab, Bitbucket), Postman, Agile/Scrum

## EXPERIENCE

---

### Zestgeek Solutions Pvt. Ltd. | Mohali, India

Feb 2022 – Mar 2024

#### Software Developer

- Wrote, modified, integrated, and tested software code for web and e-commerce applications
